DESCRIPTION

Take a fresh approach to the way you live with **HGTV Ultimate Home Design** software. This innovation in home design software delivers the powerful tools and inspiration needed to transform your living space, plus expert help from HGTV to get the job done right. Version 3.0 is perfect for room additions, room makeovers or simply replacing countertops, cabinetry and fixtures. Import digital photos of your home's exterior or interior and instantly change paint colors, become more energy-efficient with new appliances or create an entire dream home, complete with landscaping and a furnished deck or patio, from scratch! It's easier than ever before and no previous design experience is necessary! Just point and click and watch your new space come to life – all before spending a dime.

FEATURES:

- **Wizard-Driven User Interface.** With drag and drop simplicity, you'll design, customize and furnish in 3 easy steps - in 2D or 3D.
- **Interiors & Exteriors.** Appropriate for kitchen remodels, bedroom and bathroom makeovers or designing a dream home from scratch – anywhere in the country.
- **Powerful Design Tools.** Virtually limitless creative options and innovations for customizing. Build in everything from electrical outlets to windows, cabinets, lighting and window coverings. Plus, automatic roof placement, complete HVAC and plumbing, easy material selection – brick, stone, siding – and more.
- **Photorealistic 3D Technology.** Conduct a virtual walk-around in your new space.
- **Easy Room Makeovers.** Explore name-brand paint and materials in your new space. Or start with digital pictures of your existing space and simply drag and drop to apply.
- **Hundreds of 3D Appliances, Furnishings, Lighting and More.** Customize your space by selecting countertops, furniture and appliances in every style imaginable.
- **HGTV How-to Video Tips.** Expert advice for do-it-yourself projects plus a printed user guide to get you started and keep your creativity flowing.
- **Go Green.** Create an energy-efficient home with green design tools, plus tips for saving money on utility bills.
- **Landscape, Gardening.** Improve curb appeal with plants, flowers, trees and shrubs from our 7,500-item plant encyclopedia. It comes complete with climate, water and light requirements. Then add sidewalks, pathways, fencing, gates, barbeques and outdoor furniture for fully functional space.
- **Decks & Patios.** Deck Builder Wizard automatically builds decks and patios in virtually any shape, size or material.
- **Terrain Modeling.** Design your dream home in any terrain, in any region of the country. Easily specify hills, valleys, slopes, plateaus, trenches and more.
