

ART EXPLOSION®

Greeting Card Factory® for Macintosh

Bigger selection. Better graphics. More ways to show you care.®

DESCRIPTION

Now you can personalize and send the very best store-bought greeting cards with just one software product.

Greeting Card Factory – the fastest growing line of greeting card software for Windows – has now come to Macintosh with the ultimate collection of cards. These customizable projects feature beautiful graphics and heartfelt sentiments sure to express your innermost feelings every time.

Built on Nova's #1 best-selling Print Explosion engine, Greeting Card Factory for Macintosh features robust graphics, sophisticated drawing tools, unparalleled text effects and much more. And it's built for OS X.

Equally important, Greeting Card Factory for Macintosh offers the biggest selection of store-quality greeting cards of any Macintosh software and an unprecedented number of premium-quality graphics.
