12 Fun Games!
For Ages 2-5

DESCRIPTION

Based on the Emmy®-award winning TV series, **Barney: Secret of the Rainbow** builds early learning skills through a series of fully-animated games and activities. As preschoolers successfully engage in each of the 12 activity areas, they'll unlock a color of the rainbow and restore happiness to all the land.

Kids love to learn about numbers, shapes and colors alongside Barney, Riff, BJ and Baby Bop. As their skills advance, they'll engage in more challenging activities like counting, matching and coloring that will develop their language, memory and problem solving abilities. **Barney: Secret of the Rainbow** also promotes creativity through music, songs and painting, plus coloring book pages in Barney's Print Workshop.

Barney: Secret of the Rainbow is thoroughly modern software with an easy-to-use, child-friendly interface. Kids age 2-5 will easily point-and-click their way through games, workshops and missions as they uncover the secret of the rainbow. You can even adjust the skill level to match your child's developmental stage.
