### DESCRIPTION

**HGTV Instant Makeover** is the ideal software for planning home makeovers. It's easy to visualize home improvement projects by simply importing digital photographs of your home exterior or interior. With **HGTV Instant Makeover**, changing paints and materials is as simple as pointing & clicking. A library of name brand roofing, paints, windows, doors and other materials gives you the flexibility to create a fresh look to your living space in minutes. Even use digital photos to create custom materials. No previous design experience is necessary – just point & click!

- Easily Make Over Home Interiors & Exteriors
- Compatible with Virtually Every Digital Camera
- Includes a Library of Name Brand Materials

- Instantly Change Colors and Materials using a library of paints, flooring, roofing, siding, countertops, masonry, windows, doors and more. Or create custom materials using your own photos.
- Use Your Own Digital Photos Import photographs of your home exterior and interior then point and click to replace colors and objects.
- Virtual Home Makeovers in 3 easy steps
- Video Tutorial helps you get started fast
- Create Before & After pictures for printing or save as a JPG.
- Powerful Perspective & Rotation Controls apply materials realistically to your photos
- HGTV How-To Video Tips and printed user guide to get you started and keep your creativity flowing.
- No Architecture or Design Experience Needed!
