DESCRIPTION

Invoice preparation can be one of the most daunting aspects of running a small business, especially if you've ever used a complex accounting program. But now you can say goodbye to the hassle, thanks to InstaForm Invoices and Estimates Pro 2.0. This revolutionary software enables you to produce professional invoices, estimates, purchase orders and a host of other business documents with virtually no learning curve! The huge selection of pre-formatted, yet fully customizable, templates will enable you to create your first invoice in just minutes.

Invoices and Estimates Pro 2.0 is built around the simple idea that the faster you send out your invoices, the sooner you'll get paid. The program instantly converts your invoices into PDF files for viewing on any computer. Then use the built-in emailer to send out your invoices faster and easier than you ever imagined.
