DESCRIPTION

Ready. Set. Switch.

Designed exclusively for the Windows switcher, Parallels Desktop Switch to Mac Edition helps you move to Mac the smart and easy way. With Parallels Transporter and an included high speed USB transfer cable, moving your Windows programs, documents and more from your PC to your Mac has never been easier. With interactive video tutorials you can learn the essentials of Mac OS X. Then, use Parallels Desktop for Mac to run your favorite Windows programs, Linux and more side-by-side with Mac OS X without rebooting.

With Parallels award-winning virtualization technology, you can run Mac OS X and your favorite Windows applications at the same time. You can even drag-and-drop files between desktops! Parallels Desktop even includes \$175 in essential Windows software. Running Windows software on your Mac has never been easier.

Exclusive Features for the Windows Switcher.

This Edition Includes:

- The latest version of Parallels Desktop for Mac
- Parallels USB Transfer Cable
- “Getting Started on Mac” Video Tutorials
- Improved virtualization engine with lightning fast performance
- \$175 in bonus software including Kaspersky® Internet Security, Acronis® True Image and Acronis Disk Director
- Improved laptop battery life with Parallels Energy Saver
- Support for 64-bit Windows with up to 4 CPUs and 8GB of RAM
- Safe Mode for private and Secure Windows Computing
- Support for Mac OS X Leopard Server
- Compatible with Windows (Vista®, XP 2003, NT, 2000, Me, 98, 95, 3.11, and 3.1), any Linux® distribution, FreeBSD®, Solaris®, OS/2, eComStation or MS-DOS.

SYSTEM REQUIREMENTS

Intel-based Mac required

1 GB of RAM (2GB recommended to run Windows Vista)

450 MB of hard drive space for Parallels Desktop installation, plus space to allocate to your virtual machine

Mac OS® X 10.4.11 or later (including Leopard & Snow Leopard)

Internet connection required for online updates

Requires Windows or other operating system (not included)
