DESCRIPTION

For years Print Explosion® has offered Mac users the fastest, easiest way to create spectacular custom print projects. Now Print Explosion Deluxe 3.0 takes advantage of the latest OS X innovations, delivering more creative options than ever before—from store-quality greeting cards to photorealistic scrapbooks.

And you can do it all without ever leaving your Macintosh. Print Explosion Deluxe's easy-to-use interface will walk you through the process, from concept to finished product in a matter of just minutes!

Print Explosion Deluxe 3.0 is ideal for first-time publishers and professional designers alike because it contains rich graphics, layout features and text effects once found only in programs costing ten times as much.

Optimized for both PowerPC and Intel-based Macs, this brand new version features an enhanced user interface, thousands of new projects plus complete integration with iTunes and iPhoto!

You can even use the enhanced mail merge feature to automatically personalize and send greeting cards to people in your Mac OS X Address Book.
